- Earphone jack
- 2 X USB

iaPeel™

As cool and customized as your favorite playlist.

It's the coolest new way to add a personal and protective touch to your iPod, Nano or iPhone. All you need is an inkjet printer and your imagination iaPeel makes it that simple! The glossy synthetic skin material sticks to your player and leaves no residue, allowing you to change designs anytime you choose. Plus it keeps your player good as new, by protecting it from scratches.

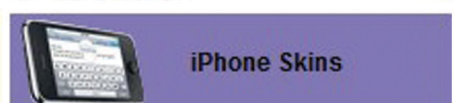

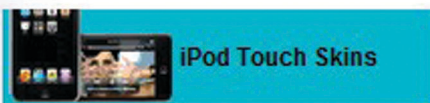

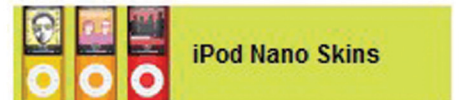

Easy to design: Use our software, or come up with a design of your own.

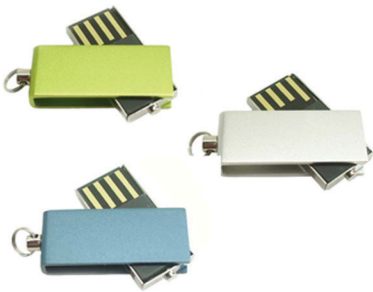

Easy to print: Just run it through your inkjet printer and you're good to go.

Easy to apply: Our videos show you the way - or just follow the directions on the back of the skin.

Easy to remove: Change your mood? Have a new design idea in mind? No sweat. Your iaPeel removes easily so you can update your look at any time.

We make it easy. You make it cool.

- ▶ Holds up to 25 photos
- ▶ 3 interchangeable frames included
- ▶ Slide Show Mod
- ▶ Rechargeable Lithium battery

Modular Lighted Display System

MLDP

"PLUG'N DISPLAY" Signs LEAD THE WAY IN AFFORDABLE, HIGH PERFORMANCE, ECO-FRIENDLY LED LIGHTING THAT'S 20% BRIGHTER THAN CONVENTIONAL LED DISPLAYS!

Details:

Restaurants, bars, exhibit companies, health clubs, houses of worship, professional photographers, and customer facing retail businesses of virtually every size and kind will benefit immediately from the revolutionary new "Plug 'N Display" Modular Lighted Display System

Modular Lighted Display System is the world's first next-generation LED signage solution designed from the ground up to put every business in a whole new energy saving light that will simultaneously stop your customers in their tracks - and allow you to clearly and compellingly communicate your message, product offering, sales special, or menu of the day! Incorporating breakthrough OptiLight screen technology, Super LED lights, and 85% recycled plastics, the Modular Lighted Display System is the state-of-the-art eco-friendly way to communicate your marketing message in a display that's 20% brighter than conventional LED displays - and costs only pennies per day to operate

The **easiest** and **greenest** way to advertise your business

LED Message Card

LMC

Features:

Now also available with optional AC Adapter and battery pack hook up for longer display time!!!

Road Mice

roadmice

Cruise The Web In Style!

Details:

"Cruise the Web in Style" with Road Mice's Wireless Optical Mouse with USB receiver utilizing the latest RF and optical technology. These unique mice are high performance accessories with 800-dpi resolution for enhanced accuracy and precision movement. PC and Mac compatible. Road Mice's car mouse designs have the look of a replica automobile and the functionality of the best pointing devices on the market. The functioning headlights and smooth lines give the car a realistic look and feel. A must have for car enthusiasts and collectors.

Specifications:

- ▶ Officially Licensed Product
- ▶ 1 year limited warranty
- ▶ Accurate 800 DPI optical mouse
- ▶ Built in automatic timer shut off
- ▶ Unique 17 digit V.I.N number
- ▶ On/Off switch for LED headlights

Sample Package

Jelfin - Gel Covered Mouse

jelfin

the world's first ball-shaped computer mouse covered in gel

Available in 5 colours : Cobalt Blue, Crimson Red, Cadmium Yellow, Electric Green and Pink

Details:

Jelfin unveils dramatically different computer mouse: First-of-its kind, ball-shaped mouse with luxe, gel-cushioned cover for luxurious feel and superior ergonomics Jelfin has kept both eyes on the ball with the introduction of the world's first ball shaped, gel-cushioned mouse, the Jelfin Mouse. The cleverly designed ball-shaped Jelfin Mouse is ensconced in a soft, luxe gel covering that hugs the entire surface area and sets a new standard for comfort. Jelfin's intelligent new design fits perfectly the curvature of your hand, providing a more natural and comfortable feel than a traditionally shaped mouse.

Specifications:

- ▶ High resolution : 1000dpi
- ▶ USB interface
- ▶ 1.5m / 5' cable length
- ▶ Mouse diameter 6.5 cm / 2.5" and height 5.6cm / 2.2"
- ▶ Thermoplastic elastomer soft-touch gel cover
- ▶ Gel cover is comfortable and soft to the touch
- ▶ Round shaped design
- ▶ Tin carrying case included
- ▶ One gel cover included
